

# Gain Some Leverage.

## DFC-364 Disposable Film Cutter

**Turn handle over** to cut tape between box flaps safely and effortlessly. Just poke through then pull in the direction of cut.

**Place thumb on the side grips** to firmly guide your cut downward. The tool angle and ultra sharp blade maintain optimum cutting position for cutting shrink wrap from boxes and pallets.

**Non-removable stainless steel blade**

**Attach to lanyard or string** for safe keeping

- **Eliminate loose blades from the workplace**
- **Cut shrink wrap, plastic strapping, tape and box flaps**
- **Long-lasting stainless steel blade**
- **Economical**
- **Easy to use**
