

EAN:	4013288029638	Size:	100x60x10 mm
Part number:	05073370001	Weight:	13 g
Article number:	855/1 TH SB SiS	Country of origin:	CZ
		Customs tariff number:	82079030

- Suitable for Pozidriv
- Torsion zone for absorption of peak loads
- Particularly hard for semi-hard materials
- Enhanced service life
- 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3

High quality bits with Torsion zone – where kinetic energy is diverted from peak loads. This greatly extends the product service life. Extra-hard; 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3.

855/1 TH SB bits, PZ 1 x 25 mm, 2 pieces

Bits for Pozidriv Screws

Set contents:

855/1 TH PZ
05056910001 2 x PZ 1 x 25 mm

Bits

The right bit for every screw and for every power tool connection. The right quality for every user. Thanks to the high-precision profile design and the outstanding concentricity properties, Wera bits provide for dependable working and offer great durability. Wera bits are designed for professional applications in industry as well as in the trade. They enable higher torque transfer and typically have a long service life. Material and manufacturing expertise, established over decades, combined with sophisticated hardening technologies form the foundation upon which our premium quality is based.

TH-Bits

TH-Bits are hard bits with a torsion zone. Torsion bits absorb the damaging peak torque loads in the torsion zone. This prevents premature wear and enhances the service life of the bits.
