

467 T-handle TORX® driver, TX 27 x 200 mm

Series 400 T-Handle

EAN:	4013288005144	Size:	244x87x20 mm
Part number:	05013370001	Weight:	98 g
Article number:	467 TORX®	Country of origin:	CZ
		Customs tariff number:	82054000

- T-handle TORX® screwdriver
- Single-component, ergonomic T-shaped handle
- T-shaped design - ideal for the transfer of particularly high tightening or loosening forces
- Very robust and wear-resistant thanks to special alloy blade steel
- Black Point tip, chrome-plated

T-handle TORX screwdriver. The ideal handle shape makes the transfer of higher tightening and loosening torque possible. The ergonomic design of the handle fills the palm of the hand and the fingers rest in the soft, rounded recesses. The whole hand is in contact with the handle so there is no frictional loss between the hand and the handle. The Wera Black Point tip offers an exact fit and optimised corrosion protection.

Series 400 T-Handle

Ergonomic design

The ergonomic design of the T-handle fills the palm of the hand. The fingers rest in the soft, rounded recess, and the whole hand is in contact with the handle – so there is no friction loss between the hand and handle.

High torque transfer

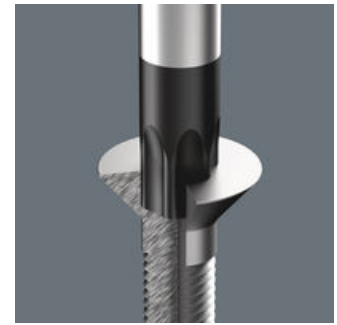

By using the blade as an extension of your lower arm you can transfer particularly high torque.

Superior wear resistance

The blades guarantee superior wear resistance and robustness.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.
