

935 SPH Screwdriver for Phillips screws, PH 4 x 200 mm

Wooden Handle Series

EAN:	4013288110497	Size:	340x35x35 mm
Part number:	05018355001	Weight:	296 g
Article number:	935 SPH	Country of origin:	CZ
		Customs tariff number:	82054000

- Traditional screwdriver with sturdy handle made out of beech wood
- Cylindrical handle out of hard wood ensures a long product service life
- Higher torque can be transferred by fitting an open-end or ring spanner over the hexagonal bolster
- Hexagonal blade extending through the handle for more safety when struck with a hammer
- Double leather cap reduces the danger of the handle splintering

High quality screwdriver made out of hard beech wood that ensures a long product service life, even when the tool is subject to high strain. The double leather cap combined with the blade that extends right through the handle provide additional safety and reduce the danger of the handle splintering when struck with a hammer. Higher torque can be transferred by fitting an open-end or ring spanner over the hexagonal bolster. The Wera Black Point tip and a complex hardening process ensure a long service life of the tip, enhanced corrosion protection and an exact fit.

Wooden Handle Series

Integrated hex bolster

The traditional screwdriver with very specific product benefits.

Higher torque can be transferred by fitting an open-jaw or ring spanner over the hex bolster that is welded to the blade.

Double leather cap

A double leather cap combined with the blade that extends right through the handle provide additional safety and reduce the danger of a splintering of the handle when struck with a hammer.

Pound-thru blade

With pound-thru blade out of high quality bit material. As a result, loss-free transfer of power, even in the case of hammer blows. The material prevents any splintering or breakage of the blade.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.
