Technisches Datenblatt

Schaltmagnet

Type: **TK-57-N (GN)**

Art.-Nr.: **630.2257.060**

24.06.98/0752

Mechanische Eigenschaften

| | |
|-------------------|-------------------------------------|
| Temperaturbereich | : -20 °C bis +80 °C |
| Gehäuse | : PBT, schwarz, Magnete eingegossen |
| Magnet | : Hartferrit |
| Verwendung | : allgemein |

Technical Data

Coded Magnet

Type: **TK-57-N (GN)**

Art.-No.: **630.2257.060**

24.06.98/0752

Mechanical Features

| | |
|-------------------|------------------------------------|
| Temperature range | : -20 °C ... +80 °C |
| Housing | : PBT, black, encapsulated magnets |
| Magnet | : Hartferrit |
| Application | : general use |
