

Datasheet

BNC straight plug-plug RG58 coaxial cable, 2 m (1222144)

List Nomenclature

1 BNC straight plug connector

2 Coaxial Cable **RG58/U**

3 Black Protective Sleeve

Electrical Specifications

Impedance	50 ± 2 Ω
Operation Frequency	DC to 1.50 GHz
Velocity of Propagation	66%
Voltage Withstand	1200 V

Insertions Losses

Frequency(MHz)	50	400	600	800	1000
Insertion Losses max(dB/m)	0.16	0.50	0.68	0.89	0.96

Mechanical Specifications

Inner Conductor	Multi-Brain WCS	0.90 mm
Dielectric	PE	φ =2.95 mm(0.116 in)
Outer conductor	copper 96% recovering	
Jacket	PVC	φ =4.95 mm(0.195 in)

Environmental Specifications

Operating Temperature Range	- 20°C+80 °C
------------------------------------	---------------------

Conditions of delivery

Mechanical check	Length
Electrical test	Continuity / Rigidity
