Stock No. 123-4905

RS PRO Fume extractor (AC 220- 240V, 23W)

Specifications:

Model Number	123-4905
Primary Application Category	Soldering
Input Voltage	220V -240V, 50 Hz
Output Power	23 W
Power Cord	EU B Type, 1.3M
Capacity	1m³/ min (max)
Accessories	Filter x 2 Pieces (Part No. 123-4906) size: 130 x130 x10mm
ESD Safe	Yes

1

EU B type plug

Features:

1. Remove noxious fumes quickly, safely and efficiently
2. The fan is fully adjustable, quiet, and has a long service life
3. Portable and easy to use
4. The replaceable filter is made by urethane foam with refined, activated, high absorption carbon
5. Dimension (O.D.): 220 x 270 x 168mm

Activated-Carbon Filter (2 pieces included)

Size	130x130x10mm
Amount of activated-carbon filter	7g
Max. absorbing weight of noxious components per one filter	2g
