Product Details

Test Lead Extension Reel 50mtr.

This robust purpose built cable reel contains 50 metres of high quality double insulated silicone cable, with a contrasting coloured inner skin which acts as a wear and damage indicator.

The reel incorporates a 4mm socket compatible with all standard 4mm plugs and is terminated in a 4mm right angled plug.

Specification

Voltage:	1000V
Current Rating:	20 Amp
Safety Category Voltage:	1000V
Safety Category Level:	CAT II
Minimum Operating Temperature:	-20°C
Maximum Operating Temperature:	+70°C
