RS Pro Yes 15A Rail Mount Fuse Holder, 250 V

Product Details

Anti-Vibration, Slydlok™ Range

Slide-action fuse carrier available in Wired or Cartridge fuse styles.

Ideal for any high vibration application including portable or vehicle mounted applications

Wired types accept any BS (IEE) or IEC recommended copper fuse wire

Miniature cartridge fuse types available for 1 1/4 in. or 20mm miniature fuses and feature sprung fuse contacts for extra vibration resistance

Contacts are nickel-plated brass for wired types, silver plated phosphor-bronze for cartridge fuse types

BS711 grade phenolic body construction

A DIN rail adaptor is available to convert these surface mounting units to rail mounting types using a single screw, compatible with "top hat" style BS 5584 (EN50 022, DIN 46277-3) format DIN rail

Slydlok™ is a registered trade mark of Broadway Electrical Co. Ltd.

Inline and Base Mounting

Warning

These products are not suitable for live working due to their non-shrouded construction
