RS Pro Ultrasonic Cleaning Tank (long) 10L

RS Stock No: 183-7513

Product details:

10 litre 40kHz digital Cavitek ultrasonic cleaner with thermostatically heated bath, long and narrow tank for those slimmer items such as surgical and medical instruments. Power supply: 220V/AC 50Hz. 200 Watts Ultrasonic power 40kHz.

Features & Benefits:

- 10 Litre heated ultrasonic cleaner (to brim capacity).
- Removes dirt, grease, corrosion and other contaminants. For best results use with Allendale's specially formulated ultrasonic cleaning detergents.
- Machine & lid constructed from anti-corrosive, acid proof SUS304 stainless steel for maximum durability - tank pressed from a single sheet.
- Tactile buttons for mode adjustments, timer and temperature control.
- Degas mode for preparation of cleaning solutions.
- Delicate and full power modes for greater control of the cleaning process.
- 40 kHz operating frequency (alternative frequencies available).
- 200 Watts ultrasonic power.
- 400 Watts heating power.
- 220V A/C 50Hz (alternative voltages/ frequencies available).
- Drain tap (Standard ¼ BSP pipe thread).
- Tank size – (L) 505 x (W) 135 x (H) 150mm.
- Machine size – (L)550 x (W)165 x (H)310 mm (exc. Drain tap).
- Wire basket available.
