Datasheet

RSRS PRO 750W PC Power Supply, 230V Input, 12V Output

RS Stock No: 881-2921

- Semi-modular PSU - use only the cables you need, aiding in cable management
- All direct DC cables have mesh sleeves, and the flat modular cables help reduce interference to airflow
- INTEL® ATX12V Ver.2.4 - Compliant with latest INTEL® ATX12V Ver 2.4 design guide
- Support HASWELL CPU - Supports the latest INTEL® 4th Generation "HASWELL" CPU with C6/C7 power saving mode
- Powerful Single 12V Rail - for high compatibility and extreme high current output
- Long cable length - 20+4P & CPU 4+4P up to 600 mm & 650 mm respectively - easy reach to all components
- Low ripple noise - Clean and pure DC output quality
- 4 PCIe 6+2pin connectors
- Smart speed control 12cm fan
- Full Circuit Protection – Complete protection: OVP/UVP/OPP/SCP/SIP

Attribute	Value
Input Voltage	230V
Output Voltage	12 V
Power Rating	750W
Output Current	24 → 60A
Number of Outputs	4
Mounting Type	Desktop
Maximum Input Current	60A
Protection Features	Over Power Protection, Over Voltage Protection, Short Circuit Protection, SIP, Under Voltage Protection
Special Features	Semi-Modular PSU, 80 PLUS® Bronze ERP
Application	ATX
Standards Met	CB, CE, TUV
