

CLASSIC II

FOOT SWITCH

- ▲ The LINEMASTER® Classic II foot switch series is the second generation for the Classic family of pedals. The Classic II is a versatile foot switch that can be utilized in a wide range of applications and standard models include a guarded and unguarded options. The rugged cast aluminum housing offers an IP56 degree of protection. The guarded versions are designed with a heavy gauge steel full guard that covers the entire foot switch for added foot protection and also prevents faulty actuation. Contact Linemaster for a quotation on a custom variation built to your specifications.
