

Siemens Low Voltage Residential Circuit Breakers Miniature Thermal Mag Circuit Breakers - Type QP/MP 1-pole 10k are Circuit Protection Load Center Mains, Feeders, and Miniature Circuit Breakers. Type: MP-T Standard: UL Listed, HACR Rated Voltage Rating: 120 Amperage Rating: 20 Interrupt Rating: 10 Number Of Poles: 1 Operating Temperature: 40

|                                               |                       |
|-----------------------------------------------|-----------------------|
| Number of poles                               | 1                     |
| Electricity                                   |                       |
| Continuous current rated value                | 20 A                  |
| Supply voltage frequency rated value 50/60 Hz | Yes                   |
| Environmental conditions                      |                       |
| Ambient temperature during operation maximum  | 40 °C                 |
| Model                                         |                       |
| Product brand name                            | SIEMENS               |
| Mechanical Design                             |                       |
| Design of the product                         | MP-T                  |
| General product approval                      |                       |
| Standard                                      | UL Listed, HACR Rated |
