RS Pro Wired USB Super Slim, Compact Mini Keyboard with Low Profile Laser Etched Keys – UK English Layout

Product Details

The RS Pro Wired USB Super Slim keyboard is a mini layout keyboard but in an extra slim - minimalist casing, ideal for requirements where size is key. It has a special type of square keycap which are slimline and have a soft touch and tactile feel, setting you up for hours of comfortable typing. With a frame around each key the keycaps cannot easily be pulled off, especially good for disruptive school children. Also offering clear easy read laser etched key legends, meaning the letters will always remain fresh throughout the life of the keyboard. The keyboard is finished in black durable plastics giving a clean, fresh and modern feel to any home, office or computer environment.

Features and Benefits

- Laser etched key legends for long life and durability
- Mini space saving design, ideal for all applications including POS, Retail and Home
- Framed keys so that the keys cannot easily be pulled off
- Keys have a soft and tactile feel allowing for comfortable and natural typing
- USB 'plug and play' connection
