

6ft Toslink to Mini Digital Optical SPDIF Audio Cable

Product ID: THINTOSMIN6

This 6ft Toslink to Miniplug digital audio cable offers an easy way to connect your Toslink devices to Miniplug devices, allowing you to get the most out of your digital audio gear, even at extreme volumes.

Thinner than our regular audio cables, the cable provides one Toslink male connector and one mini-optical male connector and features flexible PVC jacket construction that lets you bend the cable into any position you need without damaging the cable or losing any sound quality.

Certifications, Reports and Compatibility

Applications

- Connects your DVD, CD, Mini Disc, DAT, Game console or other digital audio equipment to home theater system
- Ideal for DAT recorders, CD Players, CD Recorders, DVD players, Home Receiver, satellite dish and other types of digital audio products using Toslink/Mini-Plug optical interface
