DisplayPort to VGA Adapter - 1920x1200

Product ID: DP2VGA3

This DisplayPort to VGA adapter lets you connect your DisplayPort equipped laptop or desktop computer to a VGA monitor or projector, eliminating the expense of upgrading to a DP display.

Crystal-Clear Picture Quality

With support for video resolutions up to 1920x1200 or 1080p, you'll be surprised at the picture quality the adapter provides, even when connected to an older VGA monitor, projector or television. The adapter harnesses the video capabilities built into your DisplayPort connection to deliver every detail in stunning high-definition.

Works with Your Legacy VGA Displays & Projectors

This DisplayPort video adapter makes your DP computer fully compatible with legacy VGA monitors or projectors in your home or around the office. You can use the converter to either connect to an existing VGA display or add a secondary monitor to your workstation, helping to boost your productivity.

Designed for Maximum Portability

This DisplayPort to VGA dongle maximizes portability with a compact, lightweight design, making it the perfect travel accessory to carry with your DisplayPort devices. The ultra-portable design makes this adapter perfect for BYOD (Bring Your Own Device) applications at the office, delivering HD video presentations on-the-go or even staying connected at home.

For added convenience, this DP to VGA converter supports plug-and-play connectivity and requires no additional software or drivers for a hassle-free setup.

DP2VGA3 is backed by a 3-year StarTech.com warranty and free lifetime technical support.
