Neon F726 AO Coarse Grit Fiber Disc

GOOD

Delivering greater durability and faster cutting action than other aluminum oxide discs, the Neon F726 coarse grit fiber disc features a premium aluminum oxide blend for outstanding performance on beveling, stock removal, deburring and blending applications. The heavier fiber backing helps minimize tearing, and the full resin bond further enhances the disc's strength. This affordable disc is an excellent tool for use in combination with a right-angle grinder or pistol grip air sander on challenging materials, including titanium, soft carbon steels and super alloys.

FEATURES & BENEFITS

Premium aluminum oxide blend for aggressive cut and longer life than competitive aluminum oxide discs

Heavier fiber backing for additional strength and tear resistance

Full resin bond for strength and durability

Good coarse grit choice for difficult-to-grind materials when an economical option is required
