500W ATX Power Supply (7 SATA)

Special Features

• **Reliable and Compatible** - The CWT 500W is built and tested to strict standards for an excellent working power supply that enables trouble-free installation and a smooth operation.

• **Professional Looking** - Everything is black, the all black finish, with black cables and black connectors offer your PC system a high - tech look.

• **Low Noise** - 80 Plus certified efficiency and a clever fan design enables very little or no detectable fan noise during regular operation.

• **Long Connector Cables** - Long connector cables make this power supply suitable for installation even if you are trying to build in a full-tower chassis and with plenty of cable choices allows you to power multiple components and storage devices.

• **120mm, Thermally Controlled Fan** - Once your CWT PSU is installed you don't need to look at it again. With the thermally controlled fan makes this power supply virtually silent and with the large-diameter the noise is reduced even when you are pushing your system to the limit.
