600W ATX Power Supply

Special Features

80 Plus Bronze Certification - The GPM series is 80 Plus Bronze certified with 85% efficiency or higher.

Single +12V Rail - Both the 600W and 700W power supplies offer powerful single +12V rail design supporting 46A or 56A, perfect for high-end component upgrades.

Flat Black Cables - With flat black cables, PC builders can easily manage space creating a nice clean build with minimal fuss.

Cooling - A built-in 120mm black fan has excellent airflow and low noise, perfect for all environments.

Long Connector Cables - Long connector cables make this power supply suitable for installation even if you are trying to build in a full-tower chassis and with plenty of cable choices allows you to power multiple components and storage devices.

Power Distribution
