Physical hazards Flammable liquids Category 2 Health hazards Serious eye damage/eye irritation Category 2A Specific target organ toxicity, single exposure Category 3 narcotic effects Environmental hazards Not classified. Vot classified.

Signal word	Danger
Hazard statement	Highly flammable liquid and vapor. Causes serious eye irritation. May cause drowsiness or dizziness.
Precautionary statement	
Prevention	Keep away from heat/sparks/open flames/hot surfaces No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye protection/face protection.
Response	If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center/doctor if you feel unwell. If eye irritation persists: Get medical advice/attention. In case of fire: Use appropriate media to extinguish.
Storage	Keep cool. Store in a well-ventilated place. Keep container tightly closed. Store locked up.
Disposal	Dispose of contents/container in accordance with local/regional/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	None known.
Supplemental information	None.

3. Composition/information on ingredients

Mixtures

Chemical name	Common name and synonyms	CAS number	%	
Acetone		67-64-1	60 - 70	
Ethanol		64-17-5	30 - 40	
Isopropanol		67-63-0	1 - 5	
N-Propyl acetate		109-60-4	1 - 5	
4. First-aid measures				
nhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISO CENTER or doctor/physician if you feel unwell.			
Skin contact	Take off immediately all contaminated clothing. Rinse skin with water/shower. Get medical attention if irritation develops and persists.			
Eye contact	Immediately flush eyes with plenty of water for present and easy to do. Continue rinsing. Ge	or at least 15 minutes. Remove t medical attention if irritation	e contact lenses, if develops and persis	
ngestion	Rinse mouth. Get medical attention if sympto			
Most important symptoms/effects, acute and delayed	May cause drowsiness and dizziness. Headache. Nausea, vomiting. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Coughing.			
ndication of immediate nedical attention and special reatment needed	Provide general supportive measures and treat symptomatically. Thermal burns: Flush with w immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim under observation. Symptoms may be delayed.			
General information	Take off all contaminated clothing immediate material(s) involved, and take precautions to before reuse.			
5. Fire-fighting measures				
Suitable extinguishing media	Water fog. Alcohol resistant foam. Dry chemi	cal powder. Carbon dioxide (C	CO2).	
Jnsuitable extinguishing nedia	Do not use water jet as an extinguisher, as this will spread the fire.			
Specific hazards arising from he chemical	Vapors may form explosive mixtures with air. Vapors may travel considerable distance to a sou of ignition and flash back. During fire, gases hazardous to health may be formed.			
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.			
Fire fighting equipment/instructions	In case of fire and/or explosion do not breathe fumes. Move containers from fire area if y so without risk.			
Specific methods	Use standard firefighting procedures and consider the hazards of other involved mater		olved materials.	
General fire hazards	Highly flammable liquid and vapor.			
6. Accidental release mea	sures			
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep per ignition sources (no smoking, flares, sparks, protective equipment and clothing during clear damaged containers or spilled material unles closed spaces before entering them. Local au cannot be contained. For personal protection	or flames in immediate area). an-up. Avoid breathing mist or s wearing appropriate protecti uthorities should be advised if	Wear appropriate vapor. Do not touch ive clothing. Ventilat	
Methods and materials for containment and cleaning up	Eliminate all ignition sources (no smoking, fla combustibles (wood, paper, oil, etc.) away fro against static discharge. Use only non-sparki pollutant under the Clean Water Act and show entering sewage and drainage systems which	om spilled material. Take preca ng tools. This material is class uld be prevented from contam	autionary measures sified as a water	
	Large Spills: Stop the flow of material, if this i possible. Use a non-combustible material like and place into a container for later disposal.	e vermiculite, sand or earth to	soak up the product	
	Small Spills: Absorb with earth, sand or other for later disposal. Wipe up with absorbent ma remove residual contamination.	r non-combustible material and aterial (e.g. cloth, fleece). Clea	d transfer to contain In surface thoroughl	

Environmental precautionsNever return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage

Precautions for safe handling	Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. When using do not smoke. Explosion-proof general and local exhaust ventilation. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use non-sparking tools and explosion-proof equipment. Avoid breathing mist or vapor. Avoid contact with eyes. Avoid prolonged exposure. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	Store locked up. Keep away from heat, sparks and open flame. Prevent electrostatic charge build-up by using common bonding and grounding techniques. Store in a cool, dry place out of direct sunlight. Store in original tightly closed container. Store in a well-ventilated place. Keep in an area equipped with sprinklers. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection

Occupational exposure limits

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

Components	Туре	Value	
Acetone (CAS 67-64-1)	PEL	2400 mg/m3	
		1000 ppm	
Ethanol (CAS 64-17-5)	PEL	1900 mg/m3	
		1000 ppm	
Isopropanol (CAS 67-63-0)	PEL	980 mg/m3	
		400 ppm	
N-Propyl acetate (CAS 109-60-4)	PEL	840 mg/m3	
		200 ppm	
US. ACGIH Threshold Limit Values	5

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	Avoid heat, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials.
Incompatible materials	Acids. Strong oxidizing agents.
Hazardous decomposition products	Carbon oxides.

11. Toxicological information

Information on likely routes of exposure

Inhalation	May cause drowsiness and dizziness. Headache. Nausea, vomiting. Prolonged inhalation may be harmful.
Skin contact	No adverse effects due to skin contact are expected.
Eye contact	Causes serious eye irritation.
Ingestion	Expected to be a low ingestion hazard.
Symptoms related to the physical, chemical and	May cause drowsiness and dizziness. Headache. Nausea, vomiting. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Coughing.
