

Keyed selector switch, metal Spring return from left B Cam 3 position  
Operator only Non-Illuminated Key type 501CH (standard) Key  
removable in right position UL file E22655 in Vol. 6 (7) Sec. 13 (2)

|                       |                |
|-----------------------|----------------|
| design of the product | Actuator round |
|-----------------------|----------------|

### Enclosure

|                          |    |
|--------------------------|----|
| number of command points | 1  |
| delivery state           |    |
| • as a kit               | No |

### Actuator

|                                     |                     |
|-------------------------------------|---------------------|
| design of the operating mechanism   | Key-operated switch |
| material of the actuating element   | metal               |
| type of unlocking device            | key unlatching      |
| number of switching positions       | 3                   |
| switch position for key distraction | right               |
| lock make                           | ILLINOIS            |
| key number                          | 501CH               |

### Front ring

|                              |          |
|------------------------------|----------|
| product component front ring | Yes      |
| design of the front ring     | standard |
| material of the front ring   | metal    |
| color of the front ring      | chrome   |

### Holder

|                        |       |
|------------------------|-------|
| material of the holder | Metal |
|------------------------|-------|

### General technical data

|                             |         |
|-----------------------------|---------|
| product component           |         |
| • light source              | No      |
| degree of pollution         | 1       |
| protection class IP         | IP66    |
| operating frequency maximum | 600 1/h |

### Installation/ mounting/ dimensions

|                                   |       |
|-----------------------------------|-------|
| shape of the installation opening | round |
|-----------------------------------|-------|
