RS PRO Engineers File Set

RS Stock No.: 146-7308

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This durable 4 piece file set from our trusted and reliable own brand RS PRO is an essential hand tool kit for carrying out a range of tasks such as sharpening, deburring and smoothing. The set consists of four different files (hand, flat, half-round and round) suitable for carrying out a range of tasks in a variety of applications. The RS PRO 4 piece 12 inch engineers file set is ideal for filing concave and flat surfaces and has a high removal rate. Each file features an ergonomic soft-grip handle with a hanging hole for enhanced comfort, control and easy storage. The set also comes with a handy carry case for safe storage and protection.
