

Class C

Canadian Fuses

UL/CSA LISTED POWER FUSES

Mersen Class C fuses have British standard (BS88) dimensions and are exact replacements for the British fuses and older HRCII-C fuses. Class C fuses are not dimensionally or electrically interchangeable with other North American fuses. They feature ceramic bodies and bolt-in mounting. They are for short-circuit protection only, in motor controllers, for example, where overload protection is provided by an overload relay.

* Ceramic version available upon request

HIGHLIGHTS:

- BS88 dimensions
- Fast-acting

APPLICATIONS:

- Short circuit and back-up protection of motor controllers and components
