

Kleenguard™ A10 Light Duty Lab Coat (40105), Snap Front, Elastic Wrists, 2XL, White, 50 Coats / Case

40105

Features & Benefits

Kleenguard Personal Protective Equipment (PPE) enables rather than inhibits— allowing for maximum productivity and safety for you and your employees. When you need to provide economical, disposable protection for workers who are exposed to dirt and grime, Kleenguard A10 Light Duty Lab Coats are a terrific choice. They are protective wear designed for entry-level protection from hazardous dust and feature snap fronts and elastic wrists for protection. The fabric is made of five layers of stacked barrier, for lightweight, breathable protection. These white, disposable lab coats come in a range of sizes and meet ANSI / ISEA 101-1996 sizing standards. They are a popular choice for food processing, general maintenance, and manufacturing. Making the right Personal Protection choice is difficult. Perform with distinction with Kleenguard Personal Protective Equipment (PPE).

- Kleenguard A10 lab coats protect against dirt, grime and dust
- A10 lab coats are made with breathable barrier fabric (lightweight polypropylene material)
- These A10 lab coats have serged seams and do not have pockets
- Meets ANSI/ISEA 101-1996 sizing standards
