

#### **FEATURES**

- Compact and robust, ideal for hard-wearing industrial environments
- High-performance level
- Aesthetically pleasing yellow plate
- Suitable for use in applications where there is a need to disconnect electrical equipment from the circuit
- Disconnect switch can also be used as safety switch
- Performs local isolation, manual override and safety switch function
- The handle is interlocked ensuring removal only if the switch is in "off" position
- The handle is padlockable in the "off" position
- The shaft is hexagonal for rigidity, 8mm across the flats and is supplied at 282mm length
- Maximum panel thickness is 3mm
- All switch ratings at AC22
- 2 rear hole mounting (35mm DIN rail mount)
- Depth behind panel is 355mm

# RS PRO Non-Fused Switch Disconnectors

**RS Stock No.: 466277** 

Allied SKU: 70822694

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

#### **Product Description**

This Non-fused Isolator Switch from our high-quality own brand RS PRO is designed with strong and durable material that is suitable for a multitude environments. This three-pole version is perfectly suited for manual motor control applications. Super easy to connect and wire as it comes to you undrilled, which enables variable cable entry positions.

#### **General Specifications**

| Number of Poles  | 3  |
|------------------|--|
| Accepts Padlocks | Yes  |
| Handle Type      | Handle included  |
| Handle Colour    | Red  |
| Applications     | This three-pole version is perfectly suited for manual motor control applications. |

#### **Electrical Specifications**

| Rated operational voltage Ue IEC &EN | 690 V |
|--------------------------------------|-------|
| Rated operational voltage Ue UL      | 600 V |
| Rated impulse withstand voltage Uimp | 6 kV  |
| Rated uninterrupted current lu       | 63 A  |
| Rated operational current le AC22A   | 63 A  |

## Non-Fused Switch Disconnectors

| Rated operational current le AC21A           | 80 A   |
|--|--------|
