## Blue Poly Disc 115mm x 22mm

RS Stock No: 2205878

### Product Details

Ultimate performance Poly Discs have a unique structure and synthetic resin coating which enables effective removal of rust, paint, thermal blueing and other contaminants. Blue poly discs are denser and are also suitable for harder surfaces such as concrete and stone. The design of these unique products ensures a minimal risk of scratching the work piece.

### Features and Benefits

- Stainless Steel, Metal, Aluminium & Concrete
- Designed for Rust and paint removal.
- For cleaning prior to welding.
- Corrosion removal and surface deburring.

### Specifications:

|                  |   |
|------------------|---|
| Product          | 115mm x 22mm Blue Poly Disc                 |
| Dimensions       | 115mm x 22mm                                |
| Backing          | Lightweight Fibreglass                      |
| Coating          | Synthetic Resin                             |
| Number Of Pieces | 10  |
| Suitable For     | Stainless Steel, Metal, Aluminium, Concrete |

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
