LIFETIME WARRANTY

Professionals choose the Epson LABELWORKS LW-PX750 when they need a portable label and barcode printer with exclusive time and cost-saving features for creating custom and compliant labels up to 1" wide (24 mm). Designed for applications such as organizing tool cribs, identifying storage bins, creating safety labels, tagging assets and more, the LW-PX750 provides the ease-of-use and versatility busy professionals need. With application-specific hot keys, this complete labeling solution offers extraordinary flexibility for printing data, barcodes and images on the go. Use with Epson's Label Editor for customized industrial labels. The LW-PX750 is packed with powerful, innovative features and is fully-backed by Epson's lifetime warranty.

FEATURES AND FUNCTIONS

Store image files

Upload and store up to 5 image files with the LW-PX750 using Epson's Label Editor software. This is perfect for item photos, company logos and icons/symbols specific to your company that may not be among the 1000+ included industrial symbols.

Save Tape

Say goodbye to unnecessary tape waste! Customize your margins for optimal tape savings. Our auto-rewind technology pulls unused tape back into the machine, giving a tight 4mm lead margin and 1mm margins on printed labels.

Software-Compatible

Use Epson's Label Editor software to create labels for your entire workplace. Print images, bar and QR codes, tables and logos. Batch print by importing

Mixed Length Function

Save time by printing various length labels all in a single strip of labels, separated only by Epson's automatic half-cut feature that cuts only the label, not the backing. Print labels the sizes you need quickly and conveniently.

PeelGuard™

Protect the corners of your labels from snagging and peeling with this corner-trimming solution, PeelGuard.
