Product Overview & Guides

WypAll® is the number one brand of disposable wipes in the US and Canada. Create a clean work environment with light to medium duty general cleaning solutions. When you need a light-duty towel to deliver results at an economical price, the WypAll® General Clean L10 Light Cleaning Towels are a great choice. They are soft, strong and absorbent, so they're a favorite replacement for cleaning towels for spray-and-wipe jobs, glass surface cleaning, absorbing small liquid spills, detail and final assembly wiping. You'll find these disposable towels useful in the automotive industry (glass polishing) and for general light-duty cleaning pursuits. They're even gentle enough to use as hand wipes. WypAll® General Clean L10 Light Cleaning Towels are manufactured using a very efficient manufacturing technology that makes them extra absorbent. Since these blue towels absorb better than towels and drink up liquids faster, you get better drying performance that can reduce usage overall. The banded format lets you access your dairy towels easily and quickly when you're on the job. WypAll® General Clean L10 Light Cleaning Towels are a terrific, reliable replacement for paper towels and can add efficiency to your business. They meet EPA guidelines for recycled fiber content.

224 sheets / pack, 10 packs / case, 2,240 windshield wipes / case, each towel measures 9.1" x 10.25"

WypAll® General Clean L10 Light Cleaning Towels are soft, strong, and have outstanding absorbency

Better drying performance than towels

Blue, single fold towels are banded with minimal packaging and easy access

Use these industrial towels in farm and agricultural environments and as general purpose wiping towels for spill cleaning
