Product Overview & Guides

WypAll is the number one brand of disposable wipes in the US and Canada. Maximize performance while minimizing time, effort and product waste. If you've been using either laundered shop towels or textile shop rags, you can trust WypAll® X70 reusable paper towels. WypAll® X70 are heavy duty cloths, with high-tech HydroKnit fast-absorbing material. WypAll® X70 premium industrial cloths are made of soft pulp fibers, bonded to a polypropylene base sheet for absorbency and tear resistance, making them suitable for removing dirt, oil, grime and solvents in a variety of industrial and manufacturing industries. Plus, they come in a convenient Jumbo Roll (fits on a compatible Jumbo Roll dispenser as an alternative to a box of rags) and are so sturdy that they can often be used more than once (once you've used them a few times, they're disposable). They are designed to clean surfaces and tools, making them a must-have for the HVAC, automotive, manufacturing and industrial industries. When you're running a business, it pays to use the very best supplies and WypAll® fits the bill.

1 case = 1 Jumbo Roll, 870 sheets per case

WypAll® X70 are durable, absorbent cloths that stay strong for cleaning performance

Each industrial cloth measures 12.5" x 12.2" and cleans oil, dirt, grime and solvents; Comes perforated for reliable dispensing (fits on compatible jumbo roll dispensers)

The wicking power of HydroKnit picks up water almost instantly, and hangs on for fewer drips. Laundered shop rags can't match that kind of performance.

Pound for pound, WypAll® X70 Manufactured Rags hold more oil than rental shop towels and shop rags; One pop-up box replaces 10 lbs. of rags
