Product Overview & Guides

KleenGuard™ Personal Protective Equipment (PPE) enables rather than inhibits – allowing for maximum productivity and safety for you and your employees. When your workers are in nonstop contact with liquid splashes and particles, KleenGuard™ A40 Liquid and Particle Protection Coveralls are a great addition to offer your team comfortable protective clothing. Features to provide more protection include the seamless front (for primary exposure area), 1 inch zipper flap and a hood. They feature REFLEX design, which offers excellent fit and comfort (with elastic in the back) and freedom of movement. Made of breathable, microporous film to keep out debris, non-hazardous liquid chemicals and dry particulates, the KleenGuard™ A40 material gives your employees a better liquid barrier and a better particulate barrier than the leading competitor. These coveralls with Elastic wrist & Ankles and Hood & Boot pass NFPA 99 for antistatic materials, and pass ASTM F1670 testing for penetration of blood and bodily fluids. Popular industries using this product include liquid handling, aviation, pharmaceutical manufacturing, general manufacturing and so much more. Making the right Personal Protection choice is difficult. Perform with distinction with KleenGuard™ Personal Protective Equipment (PPE).

25 KleenGuard™ Coveralls/case; Size Medium; White, Zipper front, Elastic Wrists & Ankles, Hood & Boot, White, Large, 25/Case

KleenGuard™ A40 Liquid and Particle Protection Coveralls are made of microporous film laminate with zipper front, Elastic Wrists & Ankles, Hood & Boot, flap over zipper and elastic in the back for improved protection

KleenGuard™ A40 has 37% stronger fabric vs leading competitor

KleenGuard™ A40 is 2.5X more resistant to tear than leading competitor

Up to 90% less lint than leading competitor

About KleenGuard™

We understand how workers move, work, stretch and sweat. We call it human-centric engineering. And it's this industry-changing technology that separates KleenGuard® brand protective clothing, eye protection and hand protection from other PPE.
