Product Overview & Guides

WypAll® is the number one brand of disposable wipes in the US and Canada. Maximize performance while minimizing time, effort and product waste. If you've been using either laundered shop towels or textile shop rags, you can trust WypAll® Power Clean X70 Medium Duty Cloths. They are heavy duty cloths, with high-tech HydroKnit fast-absorbing material. WypAll® Power Clean X70 Medium Duty Cloths premium industrial cloths are made of soft pulp fibers, bonded to a polypropylene base sheet for absorbency and tear resistance, making them suitable for removing dirt, oil, grime and solvents in a variety of industrial and manufacturing industries. Plus, they come in a convenient flat box (as an alternative to a box of rags) and are so sturdy that they can often be used more than once (once you've used them a few times, they're disposable). They are designed to clean surfaces and tools, making them a must-have for the HVAC, automotive, manufacturing and industrial industries. When you're running a business, it pays to use the very best supplies and WypAll® fits the bill.

1 case = 1 Flat Sheet Box, 300 sheets

WypAll® Power Clean X70 Medium Duty Cloths are durable, absorbent cloths that stay strong for cleaning performance

Each industrial cloth measures 14.9" x 16.6" and cleans oil, dirt, grime and solvents

The wicking power of HydroKnit picks up water almost instantly, and hangs on for fewer drips. Laundered shop rags can't match that kind of performance.

Pound for pound, WypAll® Power Clean X70 Medium Duty Cloths hold more oil than rental shop towels and shop rags; One pop-up box replaces 10 lbs. of rags
