

## **Datasheet**

## RS PRO 30cm 3.5mm Right Angled Cable

Stock number: 2369049

The RS Pro range of 3.5mm stereo audio cables are right angled to help save space in areas where a normal connector would have trouble fitting. Not only are they space saving, they reduce strain on the cable. It has a black PVC jacket and gold connectors for a better connection while providing anti-corrosion properties.
