

Datasheet

RS PRO BROWN 2 CORE TWIN FIGURE 8 CABLE 100M

Stock No: 2075346

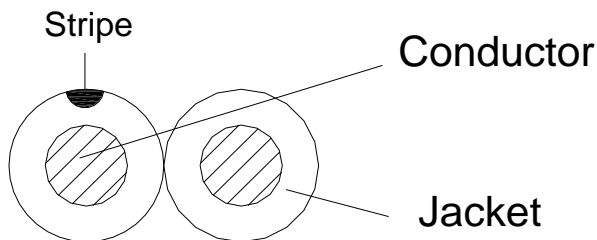

Technical Specifications:

Conductor	Bare Copper
Cores Number	2C
Size(mm ²)	0.34
Construction(±0.008mm)	7/0.25
Stranded Dia.(mm)	0.76
Jacket Material	PVC
Jacket Color	Brown With One Black Stripe
Ave Thickness(mm)	0.50
Min Thickness(mm)	0.40
Jacket Dia.(±0.10mm)	1.80×2

Features & Benefits:

- **Rated temperature: 80 °C**
- **Conductor resistance(20°C Ω /km): 55.2Max.**
- **Insulation DC Resistance(20°C $M\Omega$ *Km): 200Min.**
- **Rated Voltage: 60V**

Cross Section drawings

Cable Marking: RS PRO 2 Core \times 0.34mm² Speaker Cable 60V

Applications: Speaker cable is designed specifically to make an electrical connection between speakers and amplifiers, and as such is suited to a number of audio applications. From professional speaker installation to domestic home cinema and hi-fi connections, speaker cable is the most common and effective way to wire speakers in audio setups.
