## BradyPrinter S3100 SIGN & LABEL PRINTER

### Walk-up-and-print for ultimate ease of use

Just walk up and print. Literally. The best choice for facility, safety and Lean / 5S labeling

- Intuitive, simple to learn, very approachable. Ideal for multi-user situations, events and centrally located print stations — simple training
- 20-second supply changeover with no waste, calibration or trial and error setup
- Standalone use or PC-Connect use all in one printer
- Automatic label setup with no calibration — the printer “reads” information from your cartridges and automatically sets up the label correctly in the printer or your Brady software
