The monitor arm features a keyboard tray and easy height adjustment that lets you alternate between sitting and standing, without interrupting your workflow. Move your workstation up or down, left or right, to meet your needs.

Adjust your position, with one smooth motion. Simply lift the work surface up to 17.7" (450 mm), to elevate both your monitor and keyboard. You can adjust the tension to your own preference. The monitor mount has a separate height adjustment of up to 4.9" (124 mm) along the column.

This sit-stand monitor arm supports one monitor up to 27" (or 34" ultrawide). The swing arm swivels +/-90 and tilts +35/-5 for ideal viewing. The VESA mount also rotates up to 360 for portrait or landscape orientation.

To make the most of your workspace, you can tuck the monitor arm away when it's not in use, to free up space. The keyboard tray also folds up to 90.

The compact sit-stand monitor arm features grommet or desk-clamp installation and fits easily into your workspace, including space-limited corners.

This sit stand converter is backed for 2-years, including free lifetime 24/5 multi-lingual technical assistance.
