

RS Pro Solar Panel, 21V, 12W 0.76mA, 425.45L x 270 W x 2.5mm, T w/Cable Connector, IP65, White

RS Stock: 26600002

Product Details

RS Pro solar panel is well suited for use where a super robust, low profile and lightweight panel is needed or the substrate to which the panel will be fixed has a slight curve. The panel is ideal for marine buoys, boat decks and camper vans etc. This PV logic flexible solar panel with polycrystalline construction, has a power rating of 10 W.

Features and Benefits

- Self-healing top surface
- Completely waterproof Cells protected from hot spots
- Superior design: No square edges
- Easy fix
- Completely waterproof Cells protected from hot spots
- Superior design: No square edges

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.

Specifications:

Depth	2.5 mm
Dimensions	425.45x 270 x 2.5 mm
Length	425.45 mm
Maximum Temperature	+80°C
Minimum Temperature	-40°C
Mounting Style	Wall Mount
Open Circuit Voltage	21 V
Power Rating	12 W
Protection Type	Hot Spot
Terminal Contact Type	Ring
Type	Polycrystalline
Width	270 mm
